"David! It's National Coffee Day!" I shook my empty mug at him.

"I know. We're already giving away free coffee."

"Need some!"

"You've had, like, six cups already." He gave me that look he likes to give when he pretends to be mad.

"But I have to celebrate the holiday of my people!"

"The free stuff is limited to one cup. You'll have to pay if you want more."

I happily whipped my wallet out.

"I didn't mean with money."

"Oh! You want to take it out of my ass?"

"Rather put it in."

Happy National Coffee Day to me!
